SEEK KNOWLEDGE AND VALUE-ADDED SKILLS, STUDENTS TOLD

PENANG, Aug 4 (Bernama) -- The Raja Permaisuri Agong, Tuanku Fauziah

Tengku Abdul Rashid, has urged students to seek knowledge and communication

and other value-added skills for their career advancement.

They should involve themselves more in extra-curricular activities,

establish professional contacts as well as learn in an organised manner,

she said when opening an exposition and open day of the Universiti Sains

Malaysia (USM) in conjunction with the university's 33rd convocation here

today.

Tuanku Fauziah, who is also USM Chancellor, urged them to become role

models to society, and balance their book knowledge with the highest ethical principles and love for their country.

Earlier, she launched an exhibition of over 50 portraits of former

Prime Minister Tun Dr Mahathir Mohamad and "Mahathir On Science and Technology", a 200-page book of his speeches published by USM.
