Soft stance worked

Fawzia Hanoum Ariff

MY husband and I have a number of European relatives coming to visit in the next few months and while we are excited about their impending arrival, we are also thankful to God for allowing Barisan Nasional to win this election, so that we can continue living in a land of harmony, peace and democracy.

My mother said Tun Dr Mahathir Mohamad is "unforgettable" as a Prime Minister, but Datuk Seri Abdullah Ahmad Badawi has shown us the "softly, softly" approach works just as well.
