First to polling station then to Sepang

"CAST your vote then come to Sepang to enjoy the race," that is SIC chairman Datuk Mokhzani Mahathir's advice for the Malaysian GP on March 21 which coincides with polling day.

"Our advice to racing fans is vote early and take opportunity of the public transport available to make your way to the Sepang circuit," Mokhzani said, adding that SIC would be giving emphasis to a smooth traffic flow and strong public transport support to get fans to the circuit.

"We are working closely with the traffic police to ensure smooth traffic flow on race day."

Mokhzani also said that SIC officials will be meeting Malaysian Airlines and Air Asia management to increase flights to KLIA from all local destinations on race day.
