Great offer for Porsche owners

GETTING insurance coverage on your Porsche may not be difficult, but getting good coverage may be a bit more of a headache.

As part of its efforts to provide better service to customers, Porsche importer, Auto Eurokars, together with Uni Asia General Insurance, has come up with a Porsche Priority Plan.

Auto Eurokars Chairman, Datuk Mokhzani Mahathir, said the insurance package allows them to offer customers an easier way of purchasing their cars without having to worry about not getting good coverage.

Uni Asia CEO Hashim Harun, while optimistic about the plan, projected that they could collect RM2 million in premium from the special package.

The plan offers comprehensive coverage for cars up to 20 years old and features a no excess and no betterment charge clause for vehicles less than 15 years old.

The plan includes a free motorist personal accident insurance worth RM50,000, guaranteed 48-hour claims approval and discounts on Porsche lifestyle accessories.

Porsche owners can buy the plan from Porsche centres in Shah Alam and Kuala Lumpur and Heron Management.
