A happy and joyful retirement

Datuk Peter Minos

DATUK Seri Dr Mahathir Mohamad has made us proud to be called Malaysians for, apart from giving us a peaceful and economically progressive nation, he has candidly spoken against injustices and unfairness at international forums.

It is not sufficient for a top leader merely to achieve domestic success. He must also be heard and seen as fighting for just causes. Dr Mahathir has done just that in the last 22 years as Prime Minister and done so with great courage and passion.

Much has been said and written about this outstanding and brilliant leader and so we wish Dr Mahathir a happy and joyful retirement.

DATUK PETER MINOS
