KUALA LUMPUR, Wed. - Radio Televisyen Malaysia (RTM) will air a special video clip on Pas' lies and allegations against the country's leaders, Information Deputy Minister Senator Datuk Zainuddin Maidin said today.

The two-minute segment would be shown starting next month.

Zainuddin said the clip would show the lies, hatred and slander campaign perpetrated by the party, which claimed to champion Islam.

"We have proof... it is Pas own visuals which we bought," he said at a Press conference after opening a two-day seminar on religion and good governance.

He said the segment would be aired to enable the public to know Pas' true colours.

On the seminar, Zainuddin said it would help strengthen religious tolerance, and other countries could learn from Malaysia on how to foster harmony and maintain peace in a multi-ethnic society.

He said the country's leaders like former Prime Minister Tun Dr Mahathir Mohamad had always stressed the importance of tolerance and cooperation, and for the people to reject religious extremism.

The seminar, attended by about 40 participants representing the media, non-governmental organisations, government agencies, academicians and religious organisations, was organised by the Asian Institute for Development Communication (Aid-com) with the co-operation of the Konrad Adenauer Foundation.

The aim is to examine the correlation between religion and modern-day values.
