Watch out for media bias, students told

STUDENTS should be careful with one-sided media coverage that established a wrong view on certain issues, Umno Student Affairs committee chairman Datuk Mohd Shafie Apdal said.

Speaking to reporters after the launch of the Umno overseas club website by Umno president Datuk Seri Dr Mahathir Mohamad at Putra World Trade Centre, he said the website provides Malaysia's opinion on current affairs.

"One may obtain, say, news about the Iraq war from CNN or BBC, but this website will provide the Government's stand on the issue."

Mohd Shafie, the Deputy Defence Minister, said the website would complement the Umno, Wanita, Youth and Puteri websites.
