Hashim embarks on cycling tour in honour of PM

KUALA LUMPUR, Sun. - Nature lover and cycling enthusiast, Datuk Dr Hashim Abdul Wahab, will be representing Malaysia in a cycling tour from South Korea to China.

He will be joining various cyclists worldwide to commemorate the 15th General Assembly of the World Tourism Organisation to be held in Beijing this month.

The 65-year-old, who is the vice-president of Malaysian Nature Society, is dedicating his feat to Datuk Seri Dr Mahathir Mohamad, who will be stepping down as Prime Minister.

In a Press statement today, he said he was inspired to participate in the event by the example of the Prime Minister.

"When I think of the daily hectic schedules of Dr Mahathir, I have no reason to take things easy at this relatively young age," he said.

The six-day tour will start tomorrow from Seoul.
