Meeting visions

J.D. Lovrenciear

NATIONS and leaders the world over have given Malaysia a standing ovation and Malaysians joined them in saluting Datuk Seri Dr Mahathir Mohamad for his courage, determination and no-holds-barred honesty.

Malaysians can be equally proud of the undisputed fact that in a world besieged by security threats and violent bombings, the OIC Summit ended incident-free.

We thank God for the prayers answered. And to all the men and women, especially the security forces and police who worked very hard and smart, we Malaysians do appreciate and admire your capabilities.

The truth is, under the able leadership of our PM and his team, we have once again shown the world that "Malaysia Boleh".

The best tribute we can pay to this one man who has so unceasingly loved our people and country is to rise to the new standards and benchmarks Dr M has chiselled into Malaysian history.
