ABOUT 9,000 grassroots MIC members and leaders yesterday unanimously passed a resolution supporting Prime Minister Datuk Seri Abdullah Ahmad Badawi and pledged to help him develop the country.

In the resolution tabled by MIC deputy president Datuk S. Subramaniam, the members also expressed confidence that Abdullah would lead the country towards realising the goals of Vision 2020 and ensure greater success in social and economic fields.

The meeting also passed a resolution thanking former Prime Minister Tun Dr Mahathir Mohamad for his contributions over the past 22 years.

MIC members also expressed confidence that Abdullah would reduce poverty and ensure racial harmony.

On the next general election, the meeting pledged to work hard and ensure a landslide victory for Barisan Nasional.
