Ministry to organise pictorial tribute to Dr Mahathir

KUALA LUMPUR, Thurs. - The Information Ministry, together with representatives from the local printed and electronic media, will organise a photo exhibition on Datuk Seri Dr Mahathir Mohamad's 21 years of excellent leadership as the Prime Minister.

Information Minister Tan Sri Khalil Yaakob, in a meeting with local media representatives, said the exhibition, scheduled for early October, would be a pictorial tribute to Dr Mahathir before he stepped down in October.

"It is a collection of quality photographs depicting the 1,000 faces of the Prime Minister. The exhibition will highlight Dr Mahathir's many roles as a respected statesman, Muslim leader and family man."

Khalil said it would be a symbol of the nation's admiration and appreciation for Dr Mahathir's inspirational leadership for the past two decades.

To be held at the Putra World Trade Centre's Dewan Merdeka, the one-month exhibition will showcase photographs from the archives of local printed and electronic media.

Bernamea, the national news agency, is the project co-ordinator.
