PPP identifies seats it wants

THE People's Progressive Party (PPP) has identified 12 parliamentary and 21 state seats where it intends to contest in the next general election. However, its president, Datuk M.Kayveas, said the party would abide by any decision made by Barisan Nasional chairman Datuk Seri Dr Mahathir in deciding the number of seats to be allocated for PPP. "This is our request based on the study that we have conducted to identify constituencies where we feel PPP will have an advantage." He said the seats PPP sought were those created recently.
