Thanks for many great things accomplished

Premraj Martin Victor

DATUK Seri Dr Mahathir Mohamad has indeed done many great things for the prosperity and standard of living of Malaysians.

For the region he has imparted his wise advice to all new upcoming leaders and also a map for growth and peace for all Asians.

For the world, Dr Mahathir has contributed to world peace by ensuring his region (Asean) is peaceful and championing the rights of the deprived.

On a personal note, I was in kindergarten when Dr Mahathir took the oath of office. Today, 22 years later, I am a double graduate.

My two brothers are degree and Master's holders each. Thanks to his openness in the Malaysian education policy, the attainment of three qualifications was possible.

PREMRAJ MARTIN VICTOR
