US actions more outrageous

Mohd Ghazali Osman

IT was reported that US President George W. Bush pulled Datuk Seri Dr Mahathir Mohamad aside at the Apec summit in Bangkok to "bluntly denounce his wrong and divisive" charge that Jews rule the world.

His National Security Adviser Condoleezza Rice said Dr Mahathir's remarks were reprehensible, hateful, outrageous and the kind of comments that fuelled the anger that feeds terrorism.

Bush was also alleged to have remarked, "It stands squarely against what I believe in".

What does Bush believe in? The Jews? He believes in killing thousands of innocent Afghans and Iraqis? He believes he is the emperor of the world?
