Tribute to Dr Mahathir

THE Malaysia Liver Foundation will hold a tribute to the foundation's patron, Prime Minister Datuk Seri Dr Mahathir Mohamad, at Sunway Lagoon Resort Hotel in Bandar Sunway, Selangor come July 13.

The foundation, a non-profit charitable organisation, is inviting corporate chiefs all over the nation to participate in this event.

Guests will be entertained by international country-and-western and pop singer Johnny Tillotson, who is famous for songs like Judy, Judy, Judy and Dreamy Eyes.

The tribute is in conjunction with the foundation's fifth international liver conference, Liver Update 2003, which aims to create an awareness among the public on liver diseases, especially liver cancer, which is one of the top five cancers afflicting Malaysians today.

Foundation president Datuk Dr Mohd Ismail Merican said he hoped corporations would join the foundation in extending their appreciation to the Prime Minister for his devoted service to the nation.

"This event is a rare opportunity to pay homage to a world-class statesman who has given so much to our country," he added.

Companies keen to endorse the event can reserve tables at RM50,000, RM30,000, RM20,000, RM10,000, RM7,000 and RM5,000.
