Veterans should leave with respect, dignity

Jude Mary

DATUK Seri S. Samy Vellu's statement (NST, Oct 17) cannot be accepted by the rakyat just like that.

It has already been said and reiterated by our Prime Minister that all who have served with him long should make way for our young to take over. The rakyat expects the veterans to hand over all top leadership party post and even Cabinet post before the general election.

These old leaders should listen and heed Datuk Seri Dr Mahathir Mohamad's call and leave with respect and dignity. They should not hang on until they have lost all credibility and are forced out of office.
