Why are OIC members quiet?

Ali Mohamed

THE Simon Wiesenthal Centre's criticism of the Prime Minister's OIC Summit speech and its call to investors and tourists to boycott Malaysia should be condemned. To label Datuk Seri Dr Mahathir Mohamad a serial anti-Semitic is uncalled for.

The speech was a wake-up call for the ummah, who have been asleep with their own dreams of fantasy, rather than a humiliation of the Jews.

I am surprised the other 56 OIC nations are keeping quiet and did not support Dr Mahathir as the chairman of OIC.
