THREE CAME HOME

"It seems doubtful whether the written word can ever convey to those who have never known captivity an adequate idea of the anguish, squalor and courage which made up life in a Japanese prison camp; but Mrs. Keith's book is certainly the most successful attempt that has so far been printed. No one who reads her unforgettable narrative of the years she passed in Borneo during the war can fail to share her emotions with something very like the intensity of a personal experience. . . Mrs. Keith provides the most impressive close-range picture of Japanese behaviour in triumph and in defeat."
