The Asian and Pacific Development Centre (APDC) is an autonomous regional inter-governmental institution designed to provide a practical response to the development problems faced by countries in the region. The Gender and Development Programme of the Asian and Pacific Development Centre, addresses the gendered nature of development processes and their impact on women's lives in the Asia-Pacific region.

Any part of this book may be copied reproduced or adapted to meet local needs, without permission of APDC, provided that the parts reproduced are acknowledged. We would appreciate being sent a copy of any materials in which the text has been used.
