

LONDON SCHOOL OF ECONOMICS
MONOGRAPHS ON SOCIAL ANTHROPOLOGY

Managing Editor: Dr A. Gell

The Monographs on Social Anthropology were established in 1940 and aim to publish results of modern anthropological research of primary interest to specialists.

The continuation of the series was made possible by a grant in aid from the Wenner-Gren Foundation for Anthropological Research, and more recently by a further grant from the Governors of the London School of Economics and Political science. Income from sales is returned to a revolving fund to assist further publications.

The Monographs are under the direction of an Editorial Board associated with the Department of Anthropology of the London School of Economics and Political Science.
