Information**

## FOREWORD

*“Ola a todos (Hello everyone)”*

*The only highlight for this issue was the visit to the state of Mato Grosso Do Sul by ASEAN Ambassadors and other members of the ASEAN Committee in Brasília (ACB) in February.*

*As Covid-19 started to hit Brazil, Brazil close its land borders and airspace to other countries. Mask wearing was made mandatory in most of the states, while people are still allowed to travel internally for essential purposes.*

*Over the past months, the Covid-19 outbreak has literally forced all the diplomatic activities in Brasília to come to a halt. There is no more business as usual for Mission since the beginning of March although Mission is still functioning.*

*Mission continues to provide consular assistance and travel advice to Malaysians in Brazil, Guyana and Suriname through online services as well as in-office appointments.*

*Apart from following closely the pandemic development in the country, Mission also works in concerted effort with the Task Force back home to coordinate actions in support of making arrangements for Malaysians stranded in foreign countries all over the world to return to Malaysia safely. Together with our other Missions in the region, we played a constructive role in offering timely assistance to Malaysians stranded in Argentina and Bolivia to return home on 22 March and 20 April respectively.*

*While working from home, we are closely monitoring the situation and; should circumstances permit, Mission will be functioning normally again.*

*“Muito Obrigado (Thank you very much)”*

~ LIM JUAY JIN ~

AMBASSADOR

# ACB WORKING VISIT TO MATO GROSSO DOSUL

ASSOCIATION  
OF SOUTHEAST  
ASIAN NATIONS

ASEAN Ambassadors visited the State of Mato Grosso Do Sul on 14-15 February 2020. The visit was a joint effort by the ASEAN Ambassadors in Brasilia to further strengthen the existing ties between ASEAN countries and Brazil, especially with the State of Mato Grosso Do Sul. By far, the only main activity of the ASEAN Committee in Brasilia (ACB) for the year 2020.

Mato Grosso Do Sul was one of the southern states of Brazil located about 1,100 km from Brasilia. With a population of about 2.5 million. Its economy was largely based on agricultural and cattle farming sectors.

The main objective of the visit was to explore opportunities for greater interaction between the State of Mato Grosso Do Sul and ASEAN, both as a group and as individual ASEAN countries. The visit programme included calls on the State Governor, Mr. Reinaldo Azambuja and Mayor of Campo Grande, Mr. Marquinhos Trad as well as meeting with President and the Council Members of the Federation of Industries of the State of Mato Grosso Do Sul (FIEMS). The visit also included a field visit to see and learn about soy bean and corn production as well as cattle farming

Discussions with the Governor, the Mayor and Federation of Industries revolved around the investment and trade opportunities both ASEAN and Mato Grosso Do Sul has to offer to each other. An overview of the economic prospect of ASEAN was presented by all ASEAN Heads of Mission respectively, which highlighted the progress of ASEAN as a vibrant regional organization and how ASEAN has been moving together towards greater integration. The meetings also served as a platform for both sides to discuss the enormous commercial potential existed in the ASEAN region and Brazil particularly the State of Mato Grosso Do Sul.

In addition to strengthening ASEAN relations with Brazil, the visit provided an opportunity for the ASEAN delegation in Brasilia to exchange views with stakeholders in the region and to better understand Mato Grosso Do Sul's economic development as well as market and investment opportunities in the region.

## CORONAVIRUS

### Preview

Coronavirus disease (COVID-19) is an infectious disease caused by a newly discovered coronavirus.

Most people infected with the COVID-19 virus will experience mild to moderate respiratory illness and recover without requiring special treatment. Older people, and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease, and cancer are more likely to develop serious illness.

The best way to prevent and slow down transmission is be well informed about the COVID-19 virus, the disease it causes and how it spreads. Protect yourself and others from infection by washing your hands or using an alcohol based rub frequently and not touching your face.

The COVID-19 virus spreads primarily through droplets of saliva or discharge from the nose when an infected person coughs or sneezes, so it's important that you also practice respiratory etiquette (for example, by coughing into a flexed elbow).

At this time, there are no specific vaccines or treatments for COVID-19. However, there are many ongoing clinical trials evaluating potential treatments. WHO will continue to provide updated information as soon as clinical findings become available.

### Prevention

To prevent infection and to slow transmission of COVID-19, do the following:

- Wash your hands regularly with soap and water, or clean them with alcohol-based hand rub.
- Maintain at least 1 metre distance between you and people coughing or sneezing.
- Avoid touching your face.
- Cover your mouth and nose when coughing or sneezing.
- Stay home if you feel unwell.
- Refrain from smoking and other activities that weaken the lungs.

Practice physical distancing by avoiding unnecessary travel and staying away from large groups of people.

### Symptoms

The COVID-19 virus affects different people in different ways. COVID-19 is a respiratory disease and most infected people will develop mild to moderate symptoms and recover without requiring special treatment. People who have underlying medical conditions and those over 60 years old have a higher risk of developing severe disease and death.

Common symptoms include:

- fever
- tiredness
- dry cough.

Other symptoms include:

- shortness of breath

- aches and pains
- sore throat
- and very few people will report diarrhoea, nausea or a runny nose.

People with mild symptoms who are otherwise healthy should self-isolate and contact their medical provider or a COVID-19 information line for advice on testing and referral.

People with fever, cough or difficulty breathing should call their doctor and seek medical attention.

**THE PRIME MINISTER'S  
SPECIAL MESSAGE ON  
COVID-19  
16 MARCH 2020**

Tonight, I stand before you once again, to update you on the current situation regarding the COVID-19 pandemic that has caused great distress not just in Malaysia, but also throughout the world. To date, COVID-19 has spread over 135 countries. There have been 162,711 confirmed COVID-19 cases globally. From that number, 6443 deaths have been recorded.

In Malaysia, there was a sharp rise in the number of cases :190 cases recorded yesterday and an additional 125 cases today. The total number of cases now stand at 553 cases. From that number, 511 are being treated, whereas 42 have fully recovered.

The Government takes this current trend very seriously, especially the rise of the second wave of new infections. Our priority now is to prevent the further spread of this virus within the population. The current scenario requires drastic measures to be taken to resolve the situation as soon as possible.

To that end, the Government has decided to implement a **nationwide Restriction of Movement Order beginning 18th of March until 31st of March**. This Order is enforced under the Control and Prevention of Infectious Diseases Act 1988 and the Police Act 1967, and encompasses the following:

1. **Complete restriction of movement and assembly nationwide**, including religious activities, sports, social and cultural events. To enforce this restriction, all houses of worship and

business premises are to be closed, except supermarkets, public markets, sundry shops and convenience stores selling essential goods. Specifically, for Muslims, the suspension of all religious activities in mosques and Suraus, including the Friday prayers, is in line with decision of the Special Muzakarah Committee that convened on the 15th of March 2020.

2. A **complete travel restriction for all Malaysians going overseas**. For Malaysians returning home, they are required to undergo health checks and voluntary self-quarantine for a period of 14 days.
3. A **complete restriction of foreign visitors and tourists** into Malaysia.
4. **Closure of all kindergartens, public and private schools**, including day schools and residential schools, international schools, Tahfiz centers and all other institutions of learning in primary, secondary and pre-university levels.
5. **Closure of all public and private institutions of higher learning** nationwide, including skills training institutes.
6. **Closure of all government and private premises except those involved in essential services** (Water, electricity, energy, telecommunications, post, transportation, irrigation, oil, gas fuel, lubricants, broadcasting, finance, banking, health, pharmacy, fire prevention, prisons, ports, airports, security, defense, cleaning, food supply & retail).

I am aware that some of you may find these measures to be extremely cumbersome as you

go about your daily lives. However, these measures are necessary in combating the virus, which may still threaten the lives of our people.

We have unfortunately witnessed a sharp rise in the number of cases affecting other countries in a very short time. Naturally we do not wish to see such similar developments take place in our country.

As the situation continues to worsen, we can wait no longer. Drastic measures must be taken immediately to check the spread of this virus by way of restricting public movement. This is the only way to prevent more people from being infected by this life-threatening virus.

I hope all of you can be patient as we go through this enormous challenge. Please do not panic, do not be alarmed and always remain calm. I believe that with these measures undertaken by the government, we will be able to stop the spread of this virus expeditiously.

We have seen several other countries such as China taking similar drastic measures and they have seen remarkable reduction in the number of new infections of COVID-19.

I would also like to give my assurance that the supply of food, daily necessities, and health products such as face masks are fully adequate. I have directed the Ministry of Domestic Trade and Consumer Affairs (KPDNHEP) to continuously monitor the supply situation regarding the items I mentioned, for the duration of this Order.

I ask all of you, to adhere to this Restriction of Movement Order. Indeed, it is our collective re-

sponsibility to do so, as a citizen who cares for the wellbeing of our families, our communities, and our nation.

I would also like to announce that a special session of the National Security Council will be convened daily to monitor the COVID-19 situation. I will be chairing this session and will be updating all of you, my fellow Malaysians, from time to time.

Should any of you have any questions regarding this Restriction of Movement Order, you may contact the National Operation Management Center at their hotline 03-8888 2010 beginning 12 noon tomorrow.

I would like to take this opportunity to convey my heartfelt thanks to all our front liners, health workers, civil servants and all parties who are working non-stop, day and night to help us resolve this COVID-19 problem.

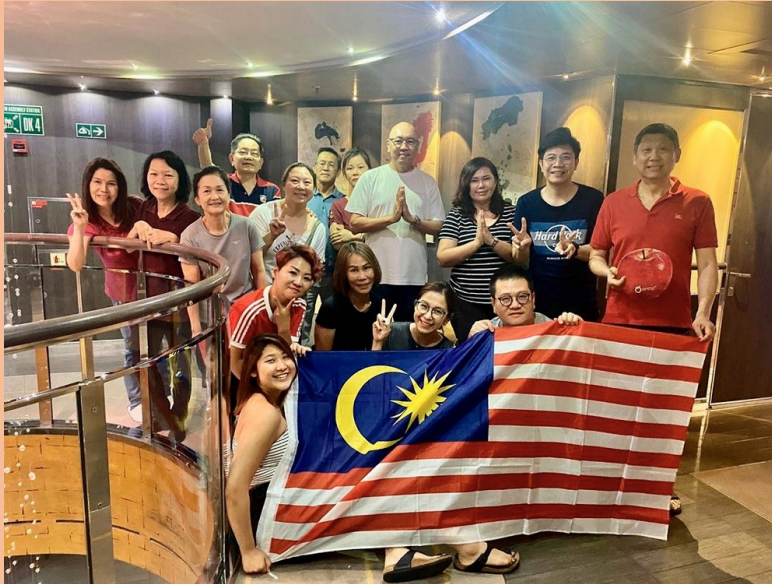

I pray that all of us will continue to have strength and courage in doing our duty to the country, in ensuring the safety and the wellbeing of our people.

Finally, I pray that we will always be under the protection of Allah S.W.T

## CONSULAR'S ENGAGEMENT

The ongoing pandemic of coronavirus disease 2019 (COVID-19) was confirmed to have **spread to Brazil on 25 February 2020**, after a 61-year-old man from São Paulo who had returned from Lombardy, Italy tested positive for the virus .

The pandemic has triggered a variety of responses from federal, state and local governments, with an impact on politics, education and the economy. On 27 March Brazil announced a temporary ban on foreign air travelers, and most state governors have imposed quarantines to prevent the spread of the virus .

### COVID-19: 16 MALAYSIANS STRANDED IN BRAZIL FINALLY ON THEIR WAY BACK HOME

Monday, 23 Mar 2020 09:07 PM MYT

The 16 Malaysian tourists on board the Antartica-bound cruiseship, L’Austral, who were stranded in Brazil are seen in this photo posing with the Jalur Gemilang March 23, 2020. — Bernama pic

KUALA LUMPUR, March 24 — It was a huge sigh of relief for 16 Malaysian tourists on board the Antartica-bound cruise ship, L’Austral, as they are finally on their way back to Malaysia, hours after being stranded in Port of Rio de Janeiro in Brazil since Sunday morning. First Secretary, Embassy of Malaysia in Brasilia, Norliyana Alias confirmed that the group tour have disembarked the French-based cruise ship on Sunday night.

“They already departed from Rio de Janeiro Airport and the flight was delayed by 30 minutes,” she told Bernama on Monday. Earlier, Norliyana was reported as saying the group members are expected to arrive at Kuala Lumpur International Airport on Tuesday at 2.35 pm Malaysian time after departing from Rio de Janeiro Airport on Monday today at 2.35 am local time. Meanwhile, Apple Vacations Sdn Bhd executive chairman cum tour director Datuk Seri Lee Ee Hoe said that their flight will transit to Dubai first before continue its journey to return home.

“We all have just checked-in for flight to Dubai, then Kuala Lumpur,” he told Bernama in a brief text Whatsapp message. The group, along with 325 passengers of various nationalities, were stuck in the South Atlantic Ocean after their cruise ship, which sailed from Ushuaia port, Argentina on Feb 28 failed to disembark at Montevideo, Uruguay on March 13 as the country announced a lockdown to contain the Covid-19 pandemic.

The cruise ship then continued its journey to Buenos Aires port, Argentina and was slated to disembark on March 16, but a lockdown announcement was made by the Argentinian government an hour into the ship’s sailing. Lee confirmed that spirits remained high among Malaysian tour members, and they were in the pink of health. More importantly, all of them, including the other passengers, were Covid-19 free, he added. Lee and other tour members were grateful to receive assistance from the Embassy of Malaysia in Brasilia and were appreciative of their tireless help and diligence in making sure that the group will get back to Malaysia. — Bernama

# APPRECIATION LETTER FROM EMBASSY OF JAPAN IN BRASIL TO THE EMBASSY OF MALAYSIA IN BRASILIA, BRAZIL

## TRANSLATION

Embassy of Japan  
Brazil

Brasilia, 27 April 2020.

His Excellency  
Lim Juay Jin  
Ambassador Extraordinary and Plenipotentiary to Brazil  
Embassy of Malaysia

Mr. Ambassador,

The new coronavirus is currently spreading around the world and this pandemic has had a tremendous impact in many countries. We have recently experienced cases in which, with immigration control measures, foreigners face difficulties to leave countries.

In view of this situation, due to the closing of the borders in Peru and Bolivia, twenty-three Japanese and a citizen with a permanent resident visa in Japan, whose names are on the attached list, were having difficulty leaving La Paz and Lima. However, they obtained boarding authorization and returned to Japan, after stopping in Brazil, with the plane chartered by the Malaysian Government sent to rescue Malaysians on the spot.

Recognizing the immense support provided by the Malaysian government in this operation, as a representative of the Government of Japan, I express my deep thanks for the cooperation and efforts made by your country.

We sincerely hope that the new coronavirus pandemic will end as soon as possible, while extending the assurances of my highest consideration, wishing you health and greater prosperity.

YAMADA Akira  
Ambassador Extraordinary and Plenipotentiary of Japan  
to the Federative Republic of Brazil

Embaixada do Japão  
Brasília

Brasília, 27 de abril de 2020

A Sua Excelência o Senhor  
Lim Juay Jin  
Embaixador Extraordinário e Plenipotenciário no Brasil  
Embaixada da Malásia

RECEIVED  
29 ABR. 2020  
Embassy of Malaysia

Senhor Embaixador,

Atualmente o novo coronavírus se espalha pelo mundo, e essa pandemia tem causado tremendo impacto em muitos países. Recentemente vivenciamos casos em que, com as medidas de controle de imigração, estrangeiros enfrentam dificuldades para saírem dos países.

Diante dessa situação, devido ao fechamento das fronteiras no Peru e na Bolívia, vinte e três japoneses e um cidadão com visto de residente permanente no Japão, cujos nomes estão na lista anexada, estavam com dificuldades de saírem de La Paz e de Lima. Contudo, obtiveram autorização de embarque e retornaram ao Japão, após escala no Brasil, com o avião fretado pelo Governo da Malásia enviado para o resgate de malaios no local.

Reconhecendo o imenso apoio fornecido pelo Governo da Malásia nesta operação, como representante do Governo do Japão, manifesto meu profundo agradecimento pela cooperação e esforço concedidos pelo seu país.

Esperamos sinceramente o fim da pandemia do novo coronavírus o mais rápido possível, apresento os protestos de minha mais alta consideração e desejo sua saúde e maior prosperidade.

山田 彰

YAMADA Akira  
Embaixador Extraordinário e Plenipotenciário do Japão

## Datuk Seri Mohd Zuki Ali CHIEF SECRETARY TO THE GOVERNMENT

Datuk Seri Mohd Zuki Ali has been appointed the Secretary-General of the State (KSN) effective January 1, 2020.

He, who is currently the Secretary-General of the Ministry of Defense, will replace Tan Sri Dr Ismail Bakar who is on leave before compulsory retirement.

The Prime Minister's Office, in a statement today, announced that His Highness the Prime Minister, Al-Sultan Abdullah Ri'ayatuddin Al-Mustafa Billah Shah, on the recommendation of Prime Minister Tun Dr Mahathir Mohamad through the Public Service Commission, approved the appointment.

Mohd Zuki, 58, holds a Master of Business Administration degree from Nanyang University, Singapore, has been in the public service for 28 years and has extensive experience in public service.

He has served in the Ministry of Finance, the Ministry of Education, the Ministry of Rural and Regional Development, the Ministry of Home Affairs and the Ministry of Natural Resources and Environment.

In addition, he has served in the National Palace, the Prime Minister's Department and the Federal Secretary of Sarawak.

According to the statement, the government also expressed its appreciation and thanks to Ismail for all his dedicated service throughout the tenure of KSN.

Ismail appointed KSN on August 28, 2018, replacing Tan Sri Dr Ali Hamsa.

## PM MUHYIDDIN SHARES WITH ASEAN MALAYSIA'S EXPERIENCE IN FIGHTING COVID-19

Malaysia shared its own experiences and knowledge in facing the COVID-19 pandemic with ASEAN member states during a Special ASEAN Summit on COVID-19 conducted via video-conferencing.

Prime Minister Tan Sri Muhyiddin Yassin said Malaysia had put in place several key strategies to address critical health, economic and social issues brought about by the pandemic, including the imposition of the Movement Control Order (MCO).

Under the MCO, non-essential government and private sector services were ordered closed, mass movements and gatherings prohibited, and strong advice given for Malaysians to stay at home.

"Malaysia has also mandated all of its citizens returning from abroad to undergo compulsory quarantine for two weeks.

"As a stricter measure, we have also enforced Enhanced MCOs (EMCOs) in areas with a high infection rate. These EMCO areas are completely closed with no entry and exit for residents and visitors, and every individual in the area will be screened and treated if infected," he said.

The special summit was chaired by Vietnam Prime Minister Nguyen Xuan Phuc and joined by other ASEAN leaders.

Muhyiddin said Malaysia has been aggressively increasing its capacities to conduct more tests per million capita, rigorous contact tracing, and treatment to all patients regardless of their level of symptoms and illnesses.

"I understand, that more tests may result in higher reported infections but this is needed to ensure we swiftly detect and treat those infected," he said, adding that Malaysia's mortality rate as of Monday stood at 1.6 per cent as compared to the global average of 6.1 per cent.

Muhyiddin said the government had provided much-needed support to the Health Ministry (MOH) by approving RM1.5 billion to increase its screening capacity, further intensify treatment for those infected, adding that the financial boost to the ministry would help in obtaining more test kits, ventilators and

personal protective equipment (PPEs).

"On behalf of Malaysia, I would also like to thank our friends in ASEAN who have contributed test kits and medical equipment in our time of need. In times like this we truly appreciate how valuable all the assistance and support rendered by our ASEAN friends and this is what makes us different than other regional groups around the world," he added.

Meanwhile, the prime minister said Malaysia had also announced three stimulus packages worth RM260 billion (USD 64.6 Billion) to cushion the impact of COVID-19 on the people and businesses.

He said those stimulus packages had a face value of 18.1 per cent of its Gross Domestic Product (GDP) which includes loan repayment deferments, wage subsidies, cash handouts and free internet for Malaysians for the next few months.

"However, these strategies will only assist Malaysia in getting through this period of fighting COVID-19. There needs to be a regional post-pandemic recovery plan and

Malaysia cannot do this alone," he added.

Muhyiddin said in every crisis lies an opportunity and Malaysia foresees that ASEAN as a regional block have to work together post COVID-19 to ensure no one is left behind.

Earlier in his opening remarks, the prime minister said a coherent, multi-sectoral, multi-stakeholder, whole-of-ASEAN approach was critical in ensuring timely and effective response to the pandemic.

"This is a war against an invisible enemy and the aftermath will result in a new global landscape. The world will never be the same again and we in ASEAN must acclimatise ourselves with what is going to be the new global order, simply put – the new normal.

"Malaysia is deeply concerned with the rising number of COVID-19 cases in our region as ASEAN has witnessed a rapid escalation of infections in the past few weeks. Globally, the situation is just as bad, if not worse.

"I am confident that with solidarity, vision and leadership we can unite and get through these dark times together. As a region, we have faced multiple crises before this and I believe, we will once again overcome this and emerge stronger than ever. God-Willing, Inshaallah," he said.

**MINISTER OF FOREIGN AFFAIRS**  
**DURING HANDOVER CEREMONY OF COVID-19 MEDICAL EQUIPMENT**  
**TO THE GOVERNMENT OF MALAYSIA**  
**FROM THE GOVERNMENT OF THE PEOPLE'S REPUBLIC OF CHINA**  
**WISMA PUTRA, 28 MARCH 2020**

Ladies and Gentlemen,

1. Today is indeed very special for Malaysia and China, although we have been friends and our ties go back over 45 years – as the Chinese saying goes *“We really truly know our friends in times of crisis”*. And why I say today is special for bilateral relations between Malaysia and China is because as we face very difficult times, China has once again come forward to work closely with Malaysia.
2. In Wisma Putra it all started with a phone call I had with my counterpart and dear friend, His Excellency Wang Yi, Minister of Foreign Affairs for the People’s Republic of China. It was followed by a letter from me to him seeking for closer cooperation and coordination with regards to the response to Covid-19.
3. In the days following my request, we’ve had multiple donations from China received from various provincial governments, NGOs, business community and individuals from China. On behalf of the Government and the people of Malaysia, we couldn’t be more thankful.
4. To His Excellency Mr Bai Tian, Ambassador of the People’s Republic of China to Malaysia, I must personally thank you for going the extra mile, especially in ensuring the smooth coordination and delivery of all the donations.
5. Today, I am proud to announce the extraordinary donation that the Government of China will be donating:-
  - 100,000 units of n-Cov PCR test kits;
  - 100,000 pieces of N95 Medical Protective Face Masks;
  - 500,000 pieces of 3-ply surgical masks;
  - 50,000 sets of Personal Protective Equipment (PPE); and
  - 200 units of ventilators.
6. This is an extraordinary contribution by a country to Malaysia showing the close friendship, solidarity and consideration both Malaysia and China share. As His Excellency indicated just now – more is to come with regards to closer cooperation in looking ahead against the threat of Covid-19.

Ladies and Gentlemen,

7. To China, it is my promise that Malaysia will make full use of these items and they will be immediately handed over to the National Disaster Management Agency (NADMA) so that our frontliners who have worked tirelessly will be prioritized in the distribution. Thank you also to the Ministry of Health (KKM) for being Malaysia’s shield in the battle against Covid-19, I hope today’s contribution will be of much benefit in the war against our invisible enemy. With our friends like China, I am sure this will also give them more spirit and energy to fight on.
8. Finally, like I said – it’s not about material donations and support. China and Malaysia holds a very strong and special relationship, especially people to people. In Malaysia right now, the Malaysian people are facing hardship. We will do the same for China, we have proven it in the past. As the Chinese saying goes – In times of crisis, there is a blessing. The blessing of Covid-19 as far as bilaterals with Malaysia and China, it has bonded us and made us closer together.

*Bukit sama didaki, lurah sama dituruni. Wo men dou shi yi jia ren, we are one family.*

9. I would also like to applaud China’s successful *“whole-of-government”* approach in reducing the number of COVID-19 cases. I hope both China and Malaysia can continue to work together to find new ways and work collectively in overcoming this global pandemic.

Thank you.

## THE GOVERNMENT'S STANCE ON COMPULSORY QUARANTINE FOR ALL MALAYSIANS AND FOREIGN CITIZENS INCLUDING DIPLOMATS

The Government's stance on compulsory quarantine for all Malaysians and Foreign Citizens including Diplomats whose allowed to enter Malaysia during the period of the Movement Control Order (CPP) are as follows:

- 3.1. *Movement Control Order (MCO) was enforced to preserve public health and national security. Border control is among the important elements of the MCO. As a condition of entry into Malaysia during the MCO period, all arriving individuals including Malaysians and non-Malaysians are required to under health quarantine at the designated facilities equipped with health support. **Home quarantine could not be accommodated, as health monitoring at the various and scattered homes location lacks capacity.** The measures were undertaken to monitor the health situation of all arriving individuals in curbing the spread of COVID-19;*
- 3.2. *In accordance with Malaysian laws and regulations, the MCO and in particular health quarantine (a WHO recognised measure) is not an arbitrary or discriminatory act but, derived from clear and transparent laws and regulations, applicable to all persons entering the country. It is common in many countries for arriving individuals to undergo health quarantine, if required by the local health*
- 3.3. *In the context of cooperation to effect the COVID-19 containment measures, inviolability of eligible diplomatic personnel, missions and residences will at all times be respected, provided that it is not against the spirit of the Vienna Convention on Diplomatic Relations (VCDR) 1961. This is evident of Malaysia's reverence to the VCDR. The VCDR, Article 41 (1) also justify expressed the provision "Without Prejudice to their privileges and immunities, it is the duty of all persons enjoying such privileges and immunities to respect the laws and regulations of the receiving State; and*
- 3.4. *The Government of Malaysia, in due compliance to the provisions of the VCDR 1961, officially communicated to all Diplomatic Missions of such measures carried out, thus provided a clear direction that diplomats are given an option not to enter Malaysia during the period concerned. The quarantine procedure should not be taken as an arrest or detention, since it is applied to all arriving persons including Malaysians. Such an interpretation may imply that*

## NEW POLICY TO ALL INDIVIDUALS ENTERING MALAYSIA THROUGH THE INTERNATIONAL ENTRY POINT (PMA)

Starting 1<sup>st</sup> June 2020, the Government of Malaysia has imposed a new policy to all individuals entering Malaysia through the International Entry Point (PMA). **Every Malaysian citizen must bear 50 percent of the cost of quarantine** while full payment will be made by non-citizen individuals. The Quarantine Period is 14 days or any period stipulated by the Ministry of Health Malaysia.

### 1. Quarantine Rates

The quarantine rates for Malaysian citizens: 50 percent of the hotel's maximum rate of RM150 per person per day, for a period specified by the Ministry of Health Malaysia.

### 2. Complete and sign the Letter of Undertaking and Indemnity (LoU)

All Malaysian citizen travelling back to Malaysia must complete and sign the Letter of Undertaking and Indemnity (LoU) as attached.

### 3. Obtain the Letter of Approval from the Embassy of Malaysia in Brasilia

Each applicant must submit a copy of their passport and details of flight itinerary along with the completed and signed LoU via email to the Embassy of Malaysia in Brasilia at least three days before the date of departure. The email address is [mwbrasil-ia@kln.gov.my](mailto:mwbrasil-ia@kln.gov.my)

Subject to approval, the Embassy will then issue the Letter of Permission to Travel back to Malaysia by email to the applicant within two working days.

### 4. Presenting Approval Letter from the Embassy of Malaysia to Airlines, Other Public Transport Companies and Immigration Department of Malaysia

The letter of approval from the Embassy must be presented during the flight / public transport check-in process. Failure to present this letter may result in the person being denied permission to board the aircraft, or other public transportation in Malaysia. For entry by road, failure to present the document will complicate the process of entry into Malaysia.

The implementation of this procedure is effective from 1<sup>st</sup> June 2020 until further notice by the Government of Malaysia.

**GUIDELINES (Preliminary revised 1)  
ENTRY AND QUARANTINE PROCESS  
PERSON UNDER SURVEILLANCE (PUS)  
ARRIVING FROM ABROAD  
STARTING JUNE 1, 2020**

## 1. BACKGROUND

In an effort to curb the spread of the Covid-19 outbreak, the Government of Malaysia, beginning 3<sup>rd</sup> April 2020, has decided that all individuals entering Malaysia from abroad will be subjected to compulsory quarantine orders at the Quarantine Stations set by the Government of Malaysia, subject to the provisions of Section 15 (1) Prevention and Control of Infectious Diseases Act 1988 (Act 342).

Starting 1<sup>st</sup> June 2020, the Government of Malaysia has imposed a new policy to all individuals entering Malaysia through the International Entry Point (PMA). **Every citizen must bear 50 percent of the cost of quarantine while full payment will be made by non-citizen individuals.**

Individuals who are subjected to quarantine orders will be referred to as Person Under Surveillance (PUS).

## 2. QUARANTINE STATION

The Quarantine Station, including hotels or any other premises, is a place of isolation and health observance that has been gazetted under the Prevention and Control of Infectious Diseases Act 1988 (Act 342).

## 3. QUARANTINE PERIOD

The Quarantine Period is 14 days or any period stipulated by the Ministry of Health Malaysia.

## 4. QUARANTINE RATES

The quarantine rates are as follows;

- a. **Citizens:** 50 per cent of the hotel's maximum rate of RM150 per person per day, for a period specified by the Ministry of Health Malaysia.

- b. **Citizens who choose to self-pay:** the full rate agreed upon between the Government and the Hotel Sama-Sama, KLIA (or any Government-designated hotel).

- c. **Non-Citizens (Dependent):** Maximum rate of RM150 per day per person, for a period specified by the Ministry of Health Malaysia.

- d. **Non-Citizens (Expatriates, Holders of MM2H, Permanent Resident (PR) status holders or any other non-citizens who have been approved by the Director-General of Immigration to enter Malaysia:** at the full rate agreed upon between the Government and the Hotel Sama-Sama, KLIA (or any hotel designated by the Government).

- e. **People with Disabilities (Disability) cardholders of the Social Welfare Department:** The cost of the Quarantine will be borne by the Government.

## 5. PAYMENT METHOD

- i. PUS will have to pay a deposit / full payment to the hotel management during the check-in process. Credit card usage is encouraged.
- ii. The balance payment or refund will be made upon checkout.

## 6. QUARANTINE PROCESS

### a. Before Arrival

All individuals entering Malaysia starting 1st June 2020 must; -

#### i. Sign of Letter of Undertaking and Indemnity (LoU)

All individuals traveling to Malaysia must download and complete the Loan and Indemnity Letter (LoU) through the following link:

Ministry of Foreign Affairs Malaysia : [www.kln.gov.my](http://www.kln.gov.my)

National Disaster Management Agency Malaysia : [www.nadma.gov.my](http://www.nadma.gov.my)

Immigration Department of Malaysia: [www.imi.gov.my](http://www.imi.gov.my)

Ministry of Health Malaysia:

[www.moh.gov.my](http://www.moh.gov.my)

Ministry of Transport Malaysia :

[www.mot.gov.my](http://www.mot.gov.my)

Ministry of Tourism, Arts and Culture Ma-

laysia: [www.motac.gov.my](http://www.motac.gov.my)

#### ii. Obtain a Journey Permission Letter from an accredited Malaysian Missions

Compliance with the conditions of entry set by the Immigration Department of Malaysia or Malaysian Government Agencies. Each applicant must submit the relevant documents along with the completed LoU via email to Malaysian Missions, which is accredited **at least three days before the date of departure**. The email address of the Malaysian Missions can be found at <https://www.kln.gov.my/web/guest/malaysian-mission>.

Subject to the submission of required documents, the Malaysian Missions will issue a Journey Permission Letter (by email).

#### iii. Presenting Journey Permission Letter from Malaysian Missions to Airlines, Other Public Transport Companies and Immigration Department of Malaysia

The Journey Permission Letter from the Malaysian Missions must be submitted during the flight / public transport check-in process. Failure to submit this letter may result in the person being denied permission to board the aircraft, or other public transportation. For entry by road, failure to submit the document will complicate the process of entry into Malaysia.

### b. Arrival at the International Gate

The PUS will go through the following process:-

#### i. Health Inspection and Screening at International Gate by Ministry of Health Malaysia (MOH)

Health screening will be conducted and if any PUS showing COVID-19 symptoms will be referred to the hospital for further treatment;

Sampling process for the COVID-19 test will be conducted at the arrival hall, or at the Quarantine Stations;

Health Assessment Tool (HAT) will be provided for PUS self-monitoring purposes throughout the quarantine period.

## ii. Counter of Registration - Management Committee at the Entrance

Management Committees at the Entrance, which are coordinated by the National Disaster Management Agency (NADMA) and the Malaysian Defense Forces, will coordinate the arrival of PUS and logistical arrangements at KLIA1, KLIA2 or any other entrances via air, sea and land throughout Malaysia;

The LoU must be presented to the officer on duty;

The Committee also will manage the logistics of PUS to the designated Quarantine Station;

PUS is **not allowed** to select the Quarantine Station.

## iii. Immigration, Customs and logistics reception to the Hotel

The PUS will undergo a regular check-in process through Immigration and Customs Officers;

For non-citizens PUS who fail to submit LoU upon arrival, Immigration reserves the right to impose a Not-To-Land (NTL) order on the PUS;

The government will arrange transportation to the designated Quarantine Station.

## c. PUS Management at Quarantine Station

---

The PUS will go through the following steps: -

### i. Registration/ Check In

- PUS check-in at the Quarantine Station will go through the normal registration process implemented by the Hotel management with the supervision of Quarantine Station staff;
- The PUS must submit the original LoU copy to the Quarantine Station staff;
- Deposit and / or full payment will be made to the hotel management before PUS is allowed to check in to the hotel room;
- PUS who fail to pay the quarantine costs will be brought under Section 22, the Prevention and Control of Infectious Diseases 1988 (Act 342)

and **Regulation 14, Director General's Directive** - Infectious Disease Prevention and Control (Steps in the Area Areas) Infection No. 6 by the **Royal Malaysian Police (PDRM)**.

### ii. During Quarantine

- The PUS will have a 14-day quarantine period (or any period specified by the Ministry of Health Malaysia);
- Officials from Government agencies are stationed at all Quarantine Stations to assist in the management of Quarantine Stations, welfare, safety and health inspections throughout the quarantine period;
- **One (1) room will be occupied by only one (1) PUS;**
- Applications to place more than one PUS in one room should be referred to the Health Officer of Ministry of Health Malaysia;
- Food and drinks will be provided by the Quarantine Station, three times a day;
- Personal laundry services should be done/borne by PUS himself;
- PUS is responsible for his/her own luggage;
- The PUS should conduct daily self-health assessments and report to the Quarantine Station staff if they start experiencing any of the COVID-19 symptoms set by the Ministry of Health Malaysia;
- The PUS will be notified on the mode of communication with Government Officers and Quarantine Station personnel via telephone / sms / whatsapp / telegram.
- PUS must also comply with all SOPs and advice from the Quarantine Station Staff. Some of the restrictions at Quarantine Station are as follows:
  - ◇ Not allowed to leave the room;
  - ◇ No smoking;
  - ◇ Not allowed to gather;
  - ◇ Food delivery services such as Grabfood, Food Panda and others are not allowed;
  - ◇ Visitors are not allowed.
- For PUS who are tested positive for COVID-19, the individual (subsequently known as Patient Under Investigation -PUI) will be transferred to a nearby hospital for COVID-

19 treatment. All PUI-owned items at the hotel need to be taken to the hospital and the cost of the quarantine should be settled accordingly by PUI. Refunds will be made by the hotel management.

### iii. Check Out Process

- The PUS checkout process from the Quarantine Station is in accordance with the health care regulations and security measures as directed by Ministry of Health Malaysia;
- PUS will be issued a release order upon the completion of the quarantine period by the Ministry of Health Malaysia;
- PUS must settle the outstanding payment. Failure of PUS to make payment may result in legal action taken against the PUS by the Quarantine Station staff.
- Movement permits will be issued by quarantine station personnel for the purpose of cross-border movement;
- The PUS movement from hotel to home:
  - ◇ Beneficiaries / representatives allowed to take PUS at the Quarantine Station; or
  - ◇ PUS is allowed to arrange his/her own public transport (taxi, e-hailing) to return home.

## 7. IMPLEMENTATION

The implementation of this procedure is effective from 1<sup>st</sup> June 2020 until further notice by the Government of Malaysia.

# NADMA MALAYSIA

## GUIDELINES FOR THE ARRIVAL OF PERSON UNDER SURVEILLANCE (PUS) FROM ABROAD COMMENCING 10 JUNE 2020

### 1. BACKGROUND

In line with the efforts of the Malaysian Government to contain the spread of COVID-19 outbreak, the Government has decided that with effect from 10 June 2020, all Malaysians and non-citizens having permission to enter Malaysia will need to undergo a mandatory self-quarantine period of 14 days upon arrival after they have been cleared from COVID-19 by the Ministry of Health and will be monitored through MySejahtera application.

Individuals who are subjected to quarantine orders and holding a Letter of Order For Supervision And Observation At Home For Contact of 2019-Novel Coronavirus (2019-nCoV) Infection Under Section 15(1) Prevention And Control of Infectious Disease Act 1988 (Act 342) are hereby referred to as "Person Under Surveillance (PUS)".

### 2. RESIDENCE

Home residence is defined as the quarantine address as specified in the Annex 14, Order For Supervision And Observation At Home For Contact of 2019-Novel Coronavirus (2019-nCoV) Infection Under Section 15(1) Prevention And Control of Infectious Disease Act 1988 (Act 342).

### 3. LATEST PROCESS FOR ARRIVAL OF PUS AT INTERNATIONAL ENTRY POINT

#### 3.1 Before Arrival

All PUS entering Malaysia will need to download the MySejahtera application and to complete the personal details field.

#### 3.2 Arrival through International Entry Point

Guidelines for PUS arriving through International Entry Point are as follows:

##### **a. Health screening at International Entry Point by the Ministry of Health (MOH)**

*i.* Health screening will be carried out upon arrival. Any PUS with COVID-19 symptom/s will be referred to hospital for treatment;

*ii.* Samples for COVID-19 test will be collected at the Arrival Hall or designated Transit Centre. Laboratory analysis and issuance of test result may take some time, hence PUS will have to wait until the test result is issued;

*iii.* Health Assessment Tool (HAT) will be provided to PUS for self-assessment during quarantine period; and

*iv.* PUS will be issued with Annex 14 : Order For Supervision And Observation At Home For Contact of 2019-Novel Coronavirus (2019-nCoV) Infection Under Section 15(1) Prevention And Control of Infectious Disease Act 1988 (Act 342).

##### **b. Immigration, Customs and logistic arrangements to Transit Centre**

*i.* Immigration and Customs procedures are still applicable to all PUS upon arrival.

#### 3.3 Management of PUS at Transit Centre

*a.* In the situation that a large number of passengers arriving through International Entry Point, PUS will be transferred to Transit Centre to undergo COVID-19 test; and

*b.* PUS will have to wait until the COVID-19 test result is issued before they are permitted to return to their respective home/residence.

#### 3.4 Arrangement of PUS to return to their Home Residence

*a.* The next of kin/representative is allowed to receive PUS at the International Entry Point/Exit Point / Transit Center;

*b.* PUS is allowed to arrange its own public transport (taxi, e-hailing) to return to their residence.

#### 3.5 Quarantine Management

*a.* PUS is subjected to the procedures as prescribed by the Ministry of Health Malaysia; and

*b.* Any violation of this quarantine procedure may be charged under the Prevention and Control of Infectious Disease Act 1988 [Act 342].

### 4. ENFORCEMENT

The application of this procedure is effective from 10 June 2020 until further notice from the Government of Malaysia.

**GUIDELINES FOR STRANDED MEMBERS OF MALAYSIA MY SECOND HOME (MM2H) TO REENTER MALAYSIA DURING RECOVERY MOVEMENT CONTROL ORDER (RMCO)  
(revised as of 15th June 2020)**

These guidelines are intended to provide guidance for all members of the MM2H who are stranded abroad during the Movement Control Order to reenter Malaysia.

These guidelines have taken into account the latest instructions and all standard operating procedures and protocols observed from the Immigration Department of Malaysia and National Security Council as well as the requirements to reenter Malaysia against the backdrop of COVID-19 pandemic.

**Beginning 15th June 2020**, all stranded members of MM2H will have the following procedures to comply:-

**a. Register with Ministry of Tourism, Arts and Culture (via MM2H Centre)**

- I. Kindly provide your particulars such as name, nationality, passport number, MM2H reference number, country stranded at, and contact number as well as email address at the following link: [https://docs.google.com/forms/d/e/1FAIpQLSdGmqloIhPh06TQP-sMy3zMOR7lj0hhPmyxfiNsB8Wo\\_mB8Fsg/viewform](https://docs.google.com/forms/d/e/1FAIpQLSdGmqloIhPh06TQP-sMy3zMOR7lj0hhPmyxfiNsB8Wo_mB8Fsg/viewform).
- II. Upon doing so, your names will be registered under the Ministry of Tourism, Arts and Culture, Malaysia (MOTAC) and MOTAC will acknowledged via email that your registration is successful.

**b. Obtain Entry Permission from Ministry of Tourism, Arts and Culture (via MM2H Centre)**

- I. Beginning on 15th June 2020, **MOTAC will issue entry permission for the MM2H participant**. Therefore, **you are no longer required to obtain approval from the Immigration Department of Malaysia**.
- II.
- III. Upon verification by MOTAC, you will receive **an approval via email** to reenter Malaysia. **Please ensure that you secure the approval first before making any flight booking to Malaysia**. You must also print the approval email and show it to the Immigration Officer at the entry point.

**c. Undergo COVID-19 Swab Test**

- I. You must undergo PCR COVID-19 Test Swab test abroad **within 3 days** and **must be medically confirmed to be tested negative for COVID-19 prior to entering Malaysia**. Please provide the result of the test to the authority at the entry point.
- II. Upon arrival, you are to undergo the PCR COVID-19 Swab Test **if instructed by the Ministry of Health, Malaysia**.

**d. Download “MySejahtera” mobile application**

It is **compulsory** for you to **download and install** the “MySejahtera” mobile application. The “MySejahtera” application enables the Ministry of Health to monitor users’ health conditions, and for them to be able to take immediate actions in providing the treatments required.

**e. 14 days Home Quarantine**

You must undergo **fourteen (14) days home quarantine**.

- f. All the terms will be subject to latest Immigration procedures imposed at entry point which will be updated as see fit.

- g. This guideline is effective as of 15th June 2020.
