Chile may use Proton Saga cars as taxis

KUALA LUMPUR: Proton Saga cars may be used as taxis in Chile, Malaysian ambassador to Chile, Daruk Dr Mohamad Rameez, Victoria, has discussed the matter with Chilean Taxi Association president Luis Reyes Castro.

The association is an umbrella body for 100,000 taxi drivers.

The meeting held on Thursday was an initiative by the embassy, with the support of Proton Malaysia, Chile and other Latin America nations, the mission said.

The association president was optimistic and positive that there will be a collaboration and cooperation between the Chilean Taxi Association and Proton with assistance from the embassy.

Proton was launched in Chile in May. The Proton model was among the first to be exported. Car models being used as taxis in Chile are: Hyundai, Citroen, Toyota and Nissan.

With Proton (potentially) coming in and with a more competitive pricing, Proton cars, especially the Saga, may be widely used as taxis in Chile, the statement said. **Beranza**

Scores killed

BEIRUT: A barrage of airstrikes on rebel-held areas in Syria killed scores of people, first losses after the government in Damascus approved a United States-Russia plan to halt fighting in the country.

It was not clear who carried out the raids, which hit the key northern cities of Idlib and Aleppo.

But they came as a new ceasefire, brokered by Russia and the US, was set to begin today, the first day of Ahtedna, allowing much needed aid to reach the beleaguered civilian population.

Chile firma adhesión al Tratado de Amistad y Cooperación de ASEAN

El Subsecretario de Relaciones Exteriores, Edgardo Riveros, suscribió hoy, en el marco de la 28ª y 29ª Cumbre de Líderes de la Asociación de Naciones del Sudeste Asiático (ASEAN), la adhesión de Chile al Tratado de Amistad y Cooperación (TAC) de la ASEAN, junto a Egipto y Marruecos. De ese modo, Chile se convierte junto a Brasil en los únicos dos países de América Latina asociados con esta organización regional.

Esta adhesión constituye un hito histórico en la relación de nuestro país con Asia Pacífico, consolidando décadas de acercamiento con cada uno de los Estados miembros de la ASEAN, así como con la Asociación en su conjunto. También constituye un avance importante para el ingreso de Chile al ASEAN Regional Forum, el principal foro en materia de seguridad en la región. "Este es un paso muy significativo que da nuestro país. Es una distinción el que hayamos sido invitado a formar parte de este tratado", afirmó la autoridad nacional.

Este nuevo avance abre espacios de diálogo constructivo con los países del Sudeste Asiático y se une a nuestra participación en APEC, fortalece nuestra red de acuerdos comerciales e incentiva una mayor cooperación Sur-Sur.

La Asociación de Naciones del Sudeste Asiático está integrada por Brunei, Camboya, Filipinas, Indonesia, República Democrática Popular Lao, Malasia, Myanmar, Tailandia, Singapur y Vietnam. Este conglomerado de economías emergentes, con una población combinada de 629 millones de habitantes, juega un rol estratégico importante en la región de Asia Pacífico y tiene un amplio potencial de cooperación y de negocios para Chile. En conjunto comprenden el séptimo PIB más grande del mundo.

"ASEAN es el tercer mercado en importancia para Chile. El intercambio comercial entre Chile y esta organización ha tenido un crecimiento promedio de 5% anual desde el 2010 a la fecha, representando al año 2015 \$3.126 millones de dólares. Esto explica la importancia de que Chile haya sido invitado a formar parte de este acuerdo", agregó el Subsecretario Riveros.
