NATIONAL TRANSFORMATION 2050

The 2050 National Transformation or Transformasi Nasional (TN50) is a new 30-year transformation plan for Malaysia. It is a new vision for Malaysia, announced by the Prime Minister of Malaysia during the 2017 Budget. TN50 aims to transform Malaysia into a nation of caliber with a new mindset. TN50 will span three decades, and the youths of all races will form the core of this new transformation plan. The general goal for TN50 is for Malaysia to become a top 20 country in the world by the year 2050.

In the run up to the unveiling of TN50 in 2019, there will be a series of discussions on what the Malaysian identity should be by 2050 – in terms of how Malaysians view themselves as diverse Malaysians.

The Ministry of Youth and Sports is tasked to collect views from youths in the first few months of this year, before moving on to other groups. The year 2017 will be spent collecting views from public with 2018 the year for the Government to have more focused discussions with experts to see whether the views and suggestions are realistic. Near the end of the next year or early 2019, the Government will form a policy document on TN50 to be announced by the Prime Minister.

“Let TN50 bear witness; (let it) be recorded in history that we are responsible citizens and forefathers, to leave behind the best and the greatest legacy to be inherited by future generations. “From now on, TN50 is our lucky charm. Let the old legacy pass. The future of Malaysia, we will recreate,” - Prime Minister of Malaysia, Dato’ Sri Mohd Najib Tun Abdul Razak, 21 October 2016.

TN50 will be the roadmap, after Vision 2020 that will transform the country’s economy, citizen well-being, environment, technology, social interaction, governance and public administration.
