## **MALAYSIA COMMENDS THE KINGDOM OF SAUDI ARABIA FOR ITS INITIATIVE TO END THE CONFLICT IN YEMEN**

Malaysia commends the Kingdom of Saudi Arabia for its latest initiative to end the conflict and restart the political process in Yemen . The initiative is a very significant step forward for Yemen.

Malaysia calls upon the concerned parties to seize this golden opportunity to implement the said initiative in good faith and without preconditions including through a nationwide ceasefire, reopening of Sana'a airport, regular flow of fuel and other commodities into Yemen through Hudaydah port, as well as a comprehensive political consultation between Yemeni conflicting parties.

Malaysia believes that the only lasting solution to the conflict in Yemen is by ensuring an inclusive and negotiated political settlement. We stand ready to work closely with the Kingdom of Saudi Arabia and the rest of the international community towards this goal for lasting peace, security and stability in Yemen.
