SAFETY OF MALAYSIANS IN THE SUDAN

The Ministry of Foreign Affairs continues to monitor closely latest developments in The Sudan, including the ongoing demonstrations across the country.

The Ministry maintains constant communication with the Embassy of Malaysia in Khartoum. All 50 Malaysians, including 25 students registered with the Embassy are safe, and Embassy officials are in close contact with them. Apart from the initiative to temporarily house 17 Malaysians and one Thai staff member of PETRONAS at the Official Residence of the Ambassador, the Embassy has issued an advisory to the rest of Malaysians in the country to give utmost priority to their safety and security.

Malaysians requiring consular assistance in The Sudan may contact the Embassy of Malaysia, or the Ministry through the following channels:
