I refer to the letter MCA history: DAP misleading public.

To me, it does not matter anymore what the founder of MCA did and what was the original agreement between the MCA and Umno. It does not matter anymore what our first prime minister said about the contributions of MCA to independent Malaya.

Lovely Jin, if you follow the events unfolding everyday, it does not even matter what is stated in the Federal Constitution of Malaysia.

Your citation of Article 153(7) of the Federal Constitution sounds so hollow if you know what I mean. It is precisely people like you and the self-centred mentality of the present MCA leadership that is contributing to the long-term misery of so many in this country.

If you think mother-tongue education is accorded equal treatment and guaranteed under the constitution, you better think again.

What matter most now is going forward. In a few years, you may not even be able to breathe freely and yet you are still so preoccupied with who was rightly the founder of MCA and his contributions to the Chinese of this country.

Do you want to know what is MCA's greatest contribution is? Yes, their greatest contribution was and is to the continued erosion of Chinese Malaysian rights to equal citizenship in this country!
