The people should reject leaders of the opposition, who tried to poison the country's investment climate, said International Trade and Industry Minister Mustapa Mohamed.

"We do not want our country to be perceived as unsafe for investment due to uncalled for attempts by certain quarters with vested interest.

"We want the people to be united, live in peace and prosper," he told reporters after opening an entrepreneurial seminar, exhibition and clinic organised by Gabungan Muda Berjaya in Kota Bharu today.

He said the transformation drive undertaken by Prime Minister Najib Razak had borne fruit and the people should work together to achieve the goals of becoming a high-income developed country.
