After the Sarawak polls, we can see a big swing of votes towards DAP in the urban areas has somewhat spooked BN, especially Umno.

This has led to calls, comments and 'threats', YES, THREATS, being hurled by Perkasa, Muhyiddin and even Najib aimed at 'reminding' the Chinese that they are but a small percentage of the population.

Any action by the Chinese could undermine their representation within the folds of the powers that be and in BN!

MCA has also played the 'scare' game, that if they are once again rejected by the Chinese community in the GE13, MCA politicians will not accept any Government Cabinet positions.

So, MCA, what are you waiting for? You have been clearly rejected by the Chinese in Malaysia!

The Chinese had also spoken during the Sarawak polls, that they reject SUPP as well.

BN professes change after their massacre in March 2008, but we have yet to see any. Najib slung the 1Malaysia banner soon after Badawi stepped down, many Chinese, Indians and others were taken in at first but not anymore, as evident from the Sarawak poll's results.

The Chinese are asking for more than just slogan slinging by Najib. Show us, that we, the Chinese are equal as Malaysians and can stand shoulder to shoulder with the Malays!

Show us, concretely we are not discriminated against whether socially, economically or politically! Show us meritocracy is really practised and not just mouthwash and procrastination from years ago.

However, can Umno afford to do that? What with Perkasa and Utusan always playing the race card and instigating the Malays that, all the Chinese want is political power and to control the country and Malays, which we know ARE LIES planted by those who wants to hold on to power despite losing the support of the majority.

So, MCA, Gerakan, SUPP, with or without you in the Cabinet, it really MAKES NO DIFFERENCE!

The Chinese had been sidelined so long by Umno and you, that we, The Chinese. have learnt to take care of ourselves despite the adversities thrown in our paths by Malay racists, Malay supremacists, Umno and powers that be.

So, Najib/Muhyiddin/Umno/Perkasa/MCA, you think a few threats like these are going to scare us into returning to support you?

DREAM ON!
