Prime Minister Najib Abdul Razak's *Facebook* fanpage page has recorded one million "likes", quite likely a record of sorts.

At the time of writing, there were a total of 1,000,283 likes.

According to *Bernama*, Najib is the first politician in the region to achieve such a feat.

For comparison, Najib has half the amount of "likes" on actress Lisa Surihani's fanpage.

In his *Facebook* entry at about 11pm, Najib said: "I am deeply touched to know my *Facebook* friends have exceeded a million people. Thank you. I will continue to interact with my loyal online friends. Thank you for your support!".

Previously, Najib had announced that he will host his millionth *Facebook* supporter and his 500,000th *Twitter* follower for a high tea session.
