**By Hafiz Yatim**

The mysterious package found outside a DAP operations room in Jinjang Utara only contained wires and tin, said Deputy Inspector-General of Police Khalid Abu Bakar.

Khalid said the box had the words 'Bom' written on it, and the public were alerted of its presence.

NONE "The complaint was made at about 8am and police immediately went there. The police opened the package after the public nearby had been asked to vacate the surrounding areas, and found it to contain a tin and wires.

"Our bomb disposal unit is examining it right now and identifying a black material on it whether it is explosives or not.

"It is like a Pink Panther cartoon - the box is placed with the word 'bom' on it and hence be careful" he said during a press conference today.

Khalid said he does not know the size of the box and it is yet to be ascertained whether it is explosives.

He said there have been several reports of bombs in the past and one had exploded in Penang.

Khalid admitted that this could be an attempt to scare the public, but that the police will not treat such matters lightly.

"As polling day approaches, these things can scare people, and we will investigate and take action on those involved," he said.

Meanwhile PKR vice president Tian Chua reported that the police had indeed found explosives and defused the danger by detonating the bomb.
