The Jews have learnt nothing from their sufferings in the past, says former prime minister Dr Mahathir Mohamad in light of the ongoing bloodbath in Gaza.

"When Jews were persecuted by the Nazis in Germany, they sought the sympathy and support of the world. But their sufferings have not made them understand the pain of suffering.

"Instead they are now behaving worse than Nazis, not caring at all for the sufferings and deaths they inflict upon others," he added in his blog.

Continuing his scathing indictment on the Jews, Mahathir said instead of venting their spite on the Germans and other Europeans because of what transpired in the past, they unleashed it on the Arabs.

"But they are too smart. Killing Arabs is easier and more fun," he added.

'Beings above condemnation'

Mahathir also condemned the Jews as being arrogant and imbued with a sense of considering themselves better than the rest.

"The Jews claim they are the 'chosen' people of God.

"Despite being persecuted by the European Christians who accused them of the crucifixion of Christ; despite being forced to live in ghettos in Europe, despite having to endure periodical massacres (pogroms) by Europeans, the Jews never ceased to believe that they are superior beings who are the chosen people of God," he said.

Mahathir also pointed out that like the Jews, the Arabs are Semitic people as well, but the Jews behaved as if they are the only ones.

"They accuse everyone of being anti-Semitic if they criticise the Jews or accuse them of wrongdoings. For whatever they do, however criminal it may be they would accuse their detractors as being anti-Semitic.

"In this free world, we can accuse anyone of anything and it is tolerated because it is part of freedom of speech. But the Jews may not be criticised in any way without the critic being labelled 'anti-Semitic'.

"And many European countries support this view to the extent of jailing anyone accused of being anti-Semitic.

"Clearly, the Jews think of themselves as special beings who are privileged to the point of being above condemnation or even criticism," he added.

US, Europe 'created this monster'

Mahathir then listed the many transgressions with regard to Israel in Palestine over the decades, and cited how, in the latest conflict, even schools and hospitals were being bombed.

"The message for the world seems to be that Israel and Israelis are sacred and anyone touching them would have to pay a price a hundred times more than that inflicted on Israelis.

"All these things the Israeli are doing are against international law, against morality, against human rights. They are criminals in every law of the civilised world.

"But the Israeli Jews do this with impunity. They have the whole of America and Europe behind them. They are the chosen people of God and they are above any law, any moral code, any human values," he added.

The Europeans and Americans, Mahathir said, created this "monster" and "they care not" for the atrocities committed by it.

"They will continue to support Israel even if the Israelis commit genocide, kill all the Arabs. This is their way to atone for all their treatment of the Jews in the past," he added.
