There is a possibility the 2015 Budget will be restructured, said Prime Minister Najib Abdul Razak.

"I will come out with a statement (on this) next week," he told reporters after receiving the flood relief assistance from China in Kuala Lumpur today.

Najib was asked whether the government would undertake a budget reallocation for this year given several unexpected major events such as the falling global oil prices as well as the floods that hit the east coast of peninsular Malaysia.

Earlier, Najib received the aid from China's Ambassador to Malaysia, Dr Huang Huikang.

Among them were 2,950 units of tents, 220 set generators, 400 water pumps with 1.1 kilowatt capacity, 45 roll water hoses and 60 water purification sets with 500-litre/hour capacity.

Also present were Deputy Prime Minister Muhyiddin Yassin, Defence Minister Hishammuddin Hussien, Home Minister Zahid Hamidi and chief secretary to the government Ali Hamsa.
