Prime Minister Najib Razak's daughter may have prohibited photographs and videos of her wedding dinner yesterday to be posted on the Internet but the instructions nevertheless made it on Instagram.

One of the guests, Filipino personality Kris Aquino, daughter of former Philippines president Corazon Aquino, shared the couple's request printed on the wedding dinner invitation.

It read, "On this day of joy, we thank you for joining us in the celebration of our love and the beginning of our new life together.

"In the spirit of keeping this celebration an intimate affair, we would appreciate if you do not post any pictures or videos on Facebook, Twitter, Instagram or other social media.

"Thank you for your kind understanding and cooperation."

In her accompanying note, Aquino wrote on her Instagram, "This was the special request, no posting, so even if all the other guests have been taking pictures nonstop, I'm obeying."

The dinner took place smoothly at Kuala Lumpur Convention Centre after the Kita Lawan rally that had earlier sought to gatecrash it met with a wall of over a hundred policemen ready to make arrests.

The roughly five hundred protestors came to an agreement with the police to hold a 45-minute sit in at the barricades, after which they dispersed peacefully.

Denying that they had gone to disrupt the wedding reception of the newlyweds Nooryana Najwa Najib and Daniyar Kessikbayev, the protestors came bearing flowers and the traditional 'bunga manggar'.

Following the peaceful rally, Kita Lawan coordinator Fariz Musa, Shah Alam MP Khalid Samad and two other youths were arrested through the night.
