**SRC in the dark over who gave order to transfer RM42m to Najib**

**Anonymous 2163411434406314:** PM Najib Razak, so you admitted that an enormous sum of money had been deposited into your private bank account by SRC International but you have no idea who authorized the transfer.

I thought SRC is a wholly-owned subsidiary of the Finance Ministry and the head honcho of the ministry is none other than you.

What did you do after you found out that someone in SRC transferred such a large sum of money to you without your consent and for no obvious reason? You mean you just pocketed the money thinking it was legitimate?

Do you know how ridiculous that sounds? For the sake of the country, please resign. You're a total disgrace.

**RM2.6 Billion Turkey Haram:** So nobody knows who gave the instruction to transfer RM42 million into Najib's account. Anyone who believes this must be absolutely mad.

There could only be one or two individual in SRC who has the power to approve such a big transfer. So why is it so hard to identify the culprit?

**Rupert16:** Yes, who in the world would believe that Najib has no idea who transferred such a massive amount of money into his bank account, and on several occasions.

The question is whether the Malaysian Anti-Corruption Commission (MACC) and the police, who are under his control, have the gumption to act and do what is right for the country.

**Anonymous\_1421806811:** A PM who is also finance minister can unashamedly say that he does not know who transferred RM42 million into his account and worse still, can state in Parliament that SRC does not know who gave the instruction to deposit the money.

Please Najib, don't embarrass the country further.

**The Mask:** The source could not trace who authorized it. The recipient didn't know about the money but used it like there is no tomorrow. The bank did not have any record of the transaction.

All the supposedly intelligent Umno believe the story hook, line and sinker. And worst of all, Najib can say this with a straight face.

**Commentable:** Seriously, it looks like Najib himself (and nobody else) is trying hard to topple the government of the day.

There are only two players in this RM42 million controversy.

The first player consists of the person or persons from SRC who effected the transfer of the RM42 million from its bank account and the second player is the recipient whose bank account has been credited with the money.

The problem in this case is that the second player aka the recipient aka the finance minister aka the PM aka the controller of SRC is the man in charge to make a statement in Parliament - and it is only too obvious that the statement will be "dunno whodunnit".

Not surprisingly, the public will say "dammit, any fool can figure this out". So how? Umno-BN still want to defend this man when it is already looking so bad?

**Anonymous #33457332:** Apparently Najib has given his bank account number freely to all wealthy donors. Which is why he cannot identify this RM42 million donor.

**WDA:** Ampang MP Zuraida Kamaruddin, please resubmit your questions to the PM. They should be:

1. Did SRC transfer RM42 million to your personal bank account? A "yes" or "no" answer will suffice.
2. If answer to 1 above is "yes", who in SRC carried out this transaction? "Don't know" is not an acceptable answer. The bank and SRC can investigate and find out. It has to be someone with authority in SRC, who had the PM's bank account number.
3. If the answer to 1 above is "yes", why did SRC transfer RM42 million to your account? Again, "don't know" is not an acceptable answer. Did you initiate any action to find out who and why?
4. If the answer to 1 above is "yes", when did you realise the RM42 million in your bank account, that is, how many days after the transfer? What did you do with the money?

Please respond to each point above. There is no need to make references to news portals in your reply.

**Caripasal:** I know who transferred the money. It was David Copperfield!

**FairMind:** Does the mere fact that Najib doesn't know who authorised the deposit

exonerate him from guilt and he is free to use the RM42 million as his? What nonsense is this?

In addition, the credit cards which he allegedly used to purchase jewellery and personal items for himself and family? Not guilty?

If that were to be the case, there would be no crime in Malaysia and there would be no need for the police and MACC.

**Odin Tajué:** Is it not logical to conclude that SRC managing director Nik Faisal Ariff Nik Othman Kamil and company director Suboh Mohd Yassin got the transfer effected from the fact that they fled Malaysia?

PM, is it not logical to conclude that either of them or both have acted on your instruction?
