S'WAK POLLS Deputy Prime Minister Ahmad Zahid Hamidi today condemned the opposition for criticising the government yet had not done anything for the people.

"They are only creating a nuisance and playing with the people's sentiments to make them hate the government; they don't do anything..they just want to get the allowance," he said.

He said this at a Volunteer Reserve Corps (Rela) programme in Kampung Buduk Nur, Ba'kelalan, about 130km from Lawas.

Zahid, who is also Home Minister, said the opposition preferred to turn a blind eye to the government's efforts and were only good at talking.

"When I was the Defence Minister, I brought in the army to build Jalan Jiwa Murni from Lawas-Ba'kelalan but when the road was damaged, Baru Bian (Sarawak PKR chairperson) complained.

"As the assemblyperson, he should have been the one to repair the road. He only knows how to talk but does not do his job. Five years as the assemblyperson is enough for Baru Bian. People, return and support BN," he said.

At the programme, Ahmad Zahid also pinned the Rela rank of assistant superintendent on nine village chiefs in Ba'kelalan.

Also present was Ba'kelalan BN candidate Willie Liau.
