**11 April 2021**

COVID-19 | The Health Ministry today reported 1,739 new Covid-19 cases, the second-highest in more than a month.

The highest number during the same time period was just two days ago at 1,854.

Prior to the uptick, the country's daily new infections in the preceding 34 days had never exceeded 1,700 cases.

The new infections comprised 77.23 percent Malaysians and 22.77 percent non-citizens.

The Klang Valley accounted for 36.92 percent (642 cases) of new infections while East Malaysia made up 33.01 percent (574 cases) of the fresh infections.

**Sarawak** reported the second-highest number of new daily cases today at 443 infections.

But it was overtaken by **Selangor** which is also seeing a surge in fresh infections at 535 cases, the highest in 11 days.

A total of 1,216 Covid-19 patients recovered today but they were outpaced by new infections, contributing to a rise in active cases and increasing the strain on Covid-19 hospitals.

- Active cases: 15,574
- Patients in ICUs: 183
- Intubated: 81

This was the second consecutive day where active cases are above 15,000. It had remained in the 14,000 range in the preceding 23 days.

## **Deaths**

There were eight fatalities today, bringing the death toll to 1,329.

The new deaths were recorded in Selangor (4), Kuala Lumpur (2), Sabah (1) and Johor (1).

Those who died were aged between 57 and 78.
