Toh Sin Wah

LETTER | In a worldly pandemic situation, where “Malaysians' Live Matters”, the essence of availability of vaccines for vaccinations at the safest and quickest of procurement without an iota of doubts, is our only criteria Khairy Jamaluddin, as the approving minister-in-charge, is designated to take without excuses, in the eyes of the approving public.

Certainly, there are no advantageous considerations whatsoever and for whomsoever, Khairy is privy to justify, which the public is unaware of, in this crucial and critical stage of procurements of vaccines known worldwide as an acute shortage in supply.

Why delve into the ifs, when common sense tells us that we can immediately avoid the 10 weeks of testing and approval time required to save precious lives.

With over 500,000 Malaysians unabatedly downed with Covid-19, we sincerely

hope that the Perikatan Nasional government under Prime Minister Muhyiddin Yassin would fully discharge the Emergency Rule, granted by His Majesty, absolutely in the interest of Malaysians unwaveringly.

Should PM8 fails, do us proud by honouring your responsibility to resign en bloc and hand over power smoothly at the earliest available opportunity.
