

Covid-19 (Sept 13): 16,073 new cases, S'wak case count higher than Klang Valley

Malaysiakini

13 September 2021

The Health Ministry today reported 16,073 new Covid-19 cases with Sarawak having more cases than the entire Klang Valley and neighbouring Negeri Sembilan combined.

New cases in the Klang Valley, which has a vaccination rate above the national level, continues to see a downtrend in new cases and today report numbers at mid-June levels.

Some data will now only be available on the Health Ministry's CovidNow tracker and Github repository at 11.59pm.

This includes the number of active cases and deaths. That means they will only be reported in the media the following day.
