The question over why Selangor Menteri Besar Abdul Khalid Ibrahim have yet to lodge a police report over the spy camera find in his office has raised doubts over his disclosure, said an assemblyperson.

Sri Serdang assemblyperson Satim Diman said Khalid's refusal to do so would only raise a speculation.

"Is it his political drama and why?" said Satim when commenting on the menteri besar's revelation that he found a spy camera in his office on Aug 10.

Satim said the menteri besar could be worried that police investigations might expose the identities of those responsible and they could be his enemies or those with the motive of holding him at ransom.

"This is because only certain people have access to Khalid's room, thus it was impossible for outsiders to hide the camera there. Do not be point fingers at others," said Satim in a statement today.
