PRESS STATEMENT PRIME MINISTER OF MALAYSIA

MALAYSIA'S STAND ON THE SITUATION IN PALESTINE

1. Malaysia is gravely concerned by the escalation of violence in the Occupied Palestinian Territory (OPT).
2. In particular, I strongly and utterly condemn the attacks by Israeli Occupation Forces on Palestinian civilians and worshippers at the Al Aqsa Mosque on 15 April 2022. Taking place in the holiest of months and in one of the holiest of sites for Muslims, the actions of the Israeli Occupation Forces represent a continuation of its assaults and apartheid policy against the fundamental rights, lives, livelihoods and dignity of the Palestinians.
3. I believe that the international community must renew its commitment towards a lasting solution to the Israel-Palestine conflict. While the international community is justifiably appalled by the violence taking place

elsewhere in the world today, it must not disregard the systematic and untrammelled acts of aggression of the Israel Occupation Forces against Palestinians of all faiths in their own land.

4. Malaysia will work closely with fellow members of the international community seeking peace and justice for the Palestinians, and lasting peace in the Middle East at all relevant multilateral platforms to effect practical and positive change in the Occupied Palestinian Territory.

5. Malaysia also reaffirms our unwavering support for the Palestinians and their cause for achieving freedom from the Israeli illegal occupation, and realising their aspirations for an independent State of Palestine based on the pre-1967 borders and, with East Jerusalem as their Capital.
