

# Stay the course Pak Lah, we're with you

WE sincerely appreciate the present consultative and consensus leadership of our Prime Minister. He has the mandate of the Barisan Nasional and the people.

There always will be detractors who think that they know best. Worst, they believe every opinion of theirs is the absolute truth.

We strongly urge Datuk Seri Abdullah Ahmad Badawi to continue the course he and his Cabinet have chosen, without fear or favour.

In the true spirit of "Malaysia Boleh", he should demonstrate to the country and the world that he will persevere in the face of adversity and pressure.

He should be exemplary to all Malaysians. *Syabas!*
