

Dr M discharged, will stay at home

KUALA LUMPUR: Tun Dr Mahathir Mohamad, who was discharged from the National Heart Institute (IJN) yesterday, will not attend the Umno General Assembly.

His son, Datuk Mukhriz, said the former prime minister would not attend the assembly although he had recovered from the attack and was allowed to return home.

"Tun will only follow the proceedings shown on television," he told reporters after the special prayers for Dr Mahathir organised by his family.

Dr Mahathir, also the former Umno president, was allowed to leave the IJN at 5,30pm yesterday. — Bernama
