

# Malaysia to share its recipe for success with African ministers

NST-22/9/2006

**BANGI:** Malaysia will share its success story and expertise with 18 finance ministers from the African region, said Deputy Prime Minister Datuk Seri Najib Razak.

"The World Bank is grateful to Malaysia for organising a conference aimed at providing the opportunity to 18 finance ministers from the African

continent to gain an insight into the culture and experience that Malaysia has gained over the years," he said.

From what is relevant and suitable to them from the Malaysian experience, they could adopt for use in their respective countries, he said.

"I have informed World Bank President Paul Wolfowitz,

that we can explain the success traits and the factors that have enabled us to achieve success," he said.

Najib, however, stressed "we are not preaching to them but showing Malaysia as an example."

He said this when asked on his meeting with Wolfowitz yesterday.

He said Wolfowitz was also keen on knowing Malaysia's success story.

On his meeting with his counterpart from Mauritius, Ramakrishna Sithanen, he said the deputy prime minister had indicated that his country was looking to more investments from Malaysia. — Bernama
