

Hisham: Protest on Friday just the beginning

BANGI: The protest held on Friday by Umno Youth against Israel's military action in Lebanon and Palestine was just the beginning, said its chief Datuk Seri Hishammuddin Tun Hussein.

"Seeing the unfairness, arrogance and cruelties of the Israeli regime has created a situation where we need to act," said Hishammuddin.

He said he was proud of the support the movement had received, from Malaysians of all faiths and backgrounds.

"We are angry and fed up with the actions of the Israeli regime, and even if the rest of the world or the United Nations does not do anything, Malaysia must show the Lebanese and Palestinians that we are with them," he said.

On Friday, more than 2,000 Umno Youth members participated in a protest against Israel's action against Lebanon and Palestine, and marched to the American, French and Chinese embassies and the British High Commission in Kuala Lumpur.
