

Muhamed Mahatir i malezijski biznismeni u posjeti Visokom

Piramide i visočki aerodrom privukli pažnju

Period povrata sredstava biće dug, ali nas to neće omesti da investiramo u Bosnu i Hercegovinu, poručio nekadašnji premijer Malezije Mahatir

Nekadašnji premijer Malezije dr. Mohamad Mahatir zajedno sa jedanaest malezijskih biznismena boravio je u posjeti općini Visoko, gdje je posjetio lokalitet ratnog projekta zvanog Aerodrom Visoko te lokalitete Bosanske doline piramida.

“Prije nekoliko mjeseci boravio sam u BiH i obećao da ću se vratiti sa poslovnim ljudima iz Malezije kako bi razmotrili mogućnost investiranja u Visokom i okolini. Gospodin Hasan Čengić nas je upoznao sa mogućnošću gradnje aero-

droma nedaleko od Visokog jer se Sarajevski aerodrom ne može više proširivati. Rad na visočkom aerodromu je veoma bitan kako bismo dobili što više posjetilaca u BiH. U ovom trenutku razmatramo tu mogućnost jer je riječ o velikom investicionom projektu. Posmatramo BiH u cjelini kao veoma lijepu zemlju sa velikim brojem turističkih atrakcija, ali sa slabo razvijenom transportnom mrežom. Kada Malezijski budu investirali u BiH, period povrata sredstava će biti jako dug, ali nas to neće puno ometati”, rekao je dr. Mohamad Mahatir.

Njega i malezijske biznismene jako su zainteresirali pronađeni dokazi na piramidama Sunca i Mjeseca koje im je prezentirao nezavisni istraživač Semir Osmanagić.

U prvim neformalnim razgovorima gosti iz Malezije su obećali skoro finansijsku pomoć za istraživanja u visočkoj dolini piramida.

Čengić lobirao kod Mahatira za ulaganje u visočki aerodrom

Čengić lobbied at Tun Mahathir to invest into Visoko airport

Tun Dr. Mahathir Mohamad and Malaysian businessperson visit Visoko
PYRAMIDS AND VISOKO AIRPORT ATTRACT THE ATTENTION

The period of pay off will be long but it will not disturb us on investing into Bosnia and Herzegovina, Tun dr. Mahathir the former Prime Minister of Malaysia send its message

Tun Dr. Mahathir Mohamad former Prime Minister of Malaysia together with eleven Malaysian businessmen visited the Municipality of Visoko, locality of war project called Airport Visoko and Bosnian Valley of Pyramids.

A few months ago, I have visited BiH and promised to come back with businessmen from Malaysia to consider the possibility to invest into Visoko and its surrounding. Mr. Hasan Cengic has informed us on the possibility to construct the airport near Visoko because Sarajevo airport cannot be extended anymore. The engagement on Visoko Airport is very important to attract more visitors to BiH. Currently, we are considering this possibility because it is a matter of great investment project. We look at BiH entirely as a very beautiful country with many tourist attractions but with very weak transport network. When Malaysians invest in BiH, the period of pay off of these investments will be long, but it will not disturb us too much, Tun Dr. Mahathir Mohamad stated.

He himself and Malaysian businessmen have been very interested on the evidence, which were found on pyramids of Sun and Moon, and Semir Osmanagic, the independent researcher has prepared the presentation for them.

In the first informal talks, the guests from Malaysia have promised some financial assistance on archaeological excavation works of Visoko Valley of Pyramids.
