

Tun Abdul Razak's enduring legacy

NST - 29/5/2007

KUALA LUMPUR: A seminar entitled "Tun Abdul Razak's Legacy to the Nation's Development" is being held to commemorate the former prime minister's achievements.

Deputy Umno Youth head Khairy Jamaluddin said various academicians, pundits and politicians would present talks on his policies and contributions.

He said the talks would

touch on education, government and society, economy and development, and international relations.

"The fundamental principles of Malaysia are based on his policies, that is Tun Razak's legacy," he said at a press conference at the Putra World Trade Centre yesterday.

The seminar, which is being held in conjunction with the nation's 50th year of indepen-

dence, is organised by the Umno Youth think-tank Akademi Pemuda in collaboration with the Tun Razak Foundation Alumni.

The seminar will take place on June 15 and 16 at the Sime Darby Convention Centre in Bukit Kiara. Those who are interested may register at www.ptr.com.my or contact Akademi Pemuda at 03-40440159/40438658.
