## Najib prays for Dr M's recovery

**NEW YORK:** Datuk Seri Najib Razak said yesterday he prayed that former prime minister Tun Dr Mahathir Mohamad would get well soon and continue contributing to the nation.

"I have been informed that Dr Mahathir has been admitted to hospital and that his condition is stable."

In **Kuala Lumpur**, Dr Mahathir's aide, Sufi Yusoff, said Dr Mahathir, who was admitted to the National Heart Institute (IJN) for a chest infection on Wednesday, was responding well to medication and physiotherapy.

"He is eating well and doctors are happy with his response to the treatment. He will continue to receive intravenous antibiotic treatment and intensive chest physiotherapy, and is expected to remain in IJN for the next few days."
