KUALA LUMPUR: Prime Minister Datuk Seri Najib Razak has conveyed his well wishes to Singaporean Prime Minister Lee Hsien Loong before the latter's surgery today.

The Singapore Prime Minister's Office yesterday announced that Lee had been diagnosed with prostate cancer, and will undergo surgery to remove his prostate gland today.

"Wishing my good friend PM Lee Hsien Loong a successful surgery tomorrow and a full and speedy recovery," said Najib in a Facebook posting last night.

Lee, the son of former prime minister Lee Kuan Yew, had just turned 63 on Feb 10.
