Najib to visit alma mater today

LONDON: Datuk Seri Najib Razak arrived here yesterday for a two-day working visit.

The prime minister and his wife, Datin Seri Rosmah Mansor, landed at Luton Airport at 3.15am and were greeted by Malaysian High Commissioner to the United Kingdom Datuk

Ahmad Rasidi Hazizi.

Najib will return to his former college — Malvern College in Worcestershire — to officiate the Razak Science Centre today.

The science centre consists of 18 state-of-the-art laboratories, including a showcase laboratory and

extra prep rooms.

Najib pursued his secondary education, from 1968 to 1971, at the college, a co-educational boarding and day school, founded in 1865.

It is one of the United Kingdom's leading independent schools. Bernama
