# THANK YOU

*Dear Proton Owners.*

We appreciate that you and your family have made PROTON cars a part of your life. We thank you for that.

We at PROTON are always thinking about serving our customers well ensuring they get all the safety features and quality upgrades all the time. This is in return for the loyalty that you have shown. Rest assured, our new models will be much better than the PROTON you have owned.

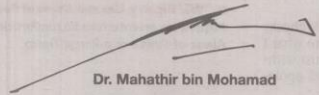

To know the difference, please try our new models. They are finely engineered and have all the features you see in the well-known brands. Believe me, you will be surprised at the superior handling and power, as well as its durability.

We are celebrating our 30<sup>th</sup> year. You can see some of the earliest models are still on the road. It would be the same with your new car.

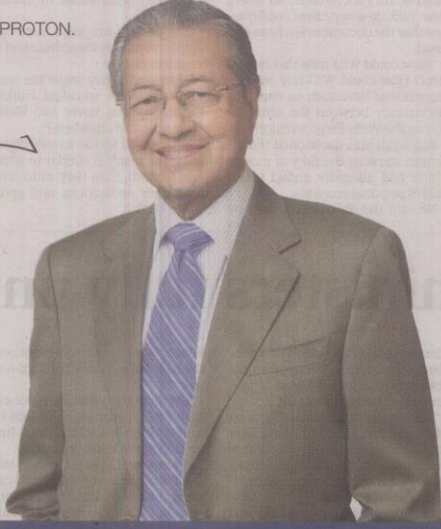

Once again, we thank you for your support and I hope you will continue to enjoy driving your PROTON car as much as we do.

Thank you for choosing PROTON.

Yours sincerely,

**Dr. Mahathir bin Mohamad**  
Chairman  
PROTON Holdings Berhad
